Certified

48 HOURS ACCESSIBILITY
From any Part of Gmmco's Territory

WE ARE THE POWER.
WE ARE THE STRENGTH.

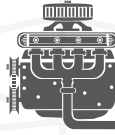

WORKSHOP CAPABILITIES

MACHINE REBUILD CENTRE

Repair & rebuild all construction & mining machines

COMPONENT REBUILD CENTRE

Repair & rebuild components of construction & mining machines, diesel generators, marine & gas engines

ENGINE TEST BENCH

Test engines of DG sets, construction & mining machines, gas & marine applications up to 4000hp

LOAD RESISTOR /BANK

Test DG set (upto 1250 kva) with alternator & acoustic enclosure in various simulated working conditions

TRANSMISSION TEST BENCH

Test transmissions of all construction & mining machines

PAINT BOOTH

Contamination free heater controlled environment in combination with usage of Cat® paints to produce best in class finish

HOSE ASSEMBLY

Caterpillar preprogrammed hose crimping machine to produce high level of crimp quality with zero contamination

SCHEDULED OIL SAMPLING LAB

World class S-O-S lab that can test oil & coolant condition, contamination, identification & component wear rate

HYDRAULIC SHOP

Repairing and testing of hydraulic cylinder

THE SKY IS THE LIMIT
FOR OUR QUALITY & SERVICE.

OPERATIONAL CAPABILITIES

COMPONENT REPAIR

- Repair & Rebuild of Engines, Transmission, Axles of all Cat® products
- Well trained and highly skilled Engineers ensure repair quality
- Stage quality check during assembly

INSPECTION & REUSE

- Non destructive test done for all critical and major components
- Components checked with specification before reuse
- Caterpillar Reuse and Salvage guidelines are followed to get optimum repair cost

PERFORMANCE TEST

- Repaired engine are tested at full load to check and adjust all performance parameters
- DG Sets are tested with Load Resistor for ensuring performance
- Transmission & Hydraulic Cylinders are load tested

HELPING YOU SCALE
NEW HEIGHTS.

MACHINE REBUILD

- Mid life Repair of Machines for extending life of machine
- Cat® Certified Rebuild Procedure is followed to ensure quality of machine repair
- Machines are load tested for ensuring better performance

OIL TESTING LAB

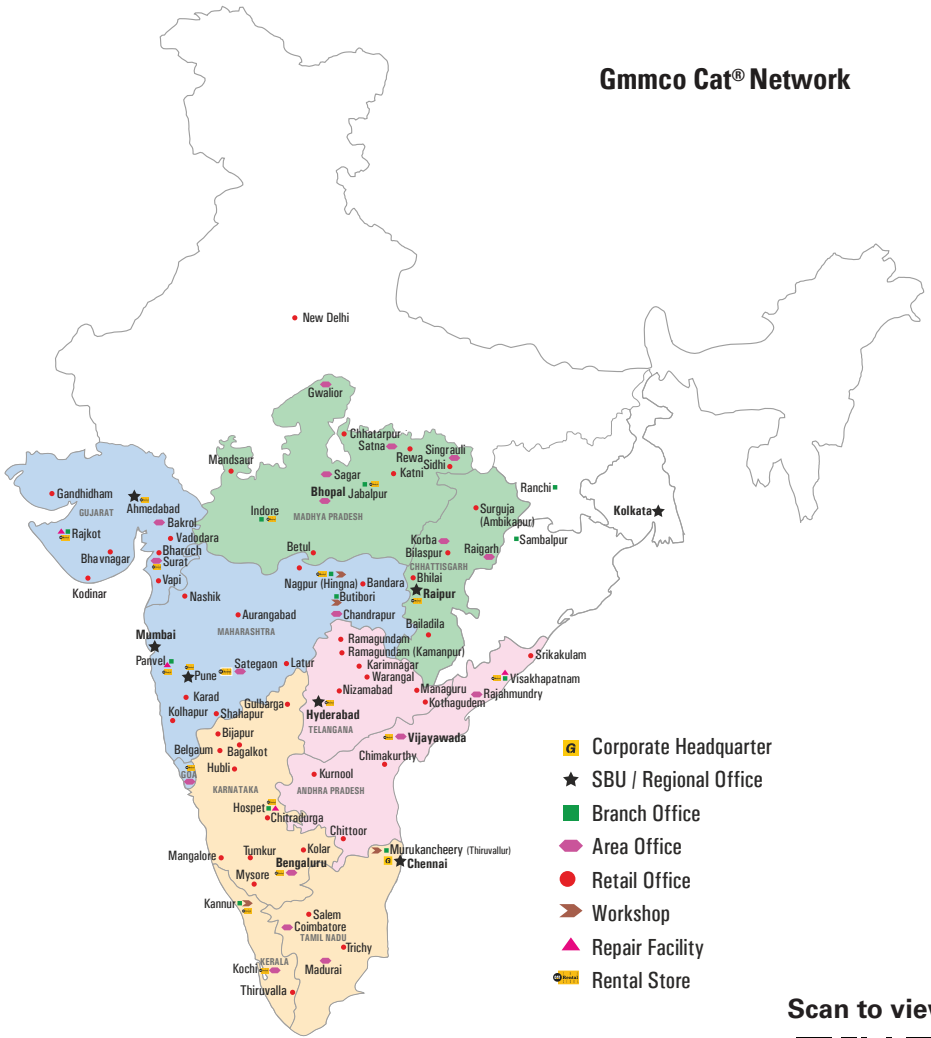

- Have experience of 20+ years and tested 4,00,000 plus sample
- ISO / IEC 17025:2005 certified LAB by NABL for process and quality
- Testing of Oil & Coolant being done for monitoring and enhancing performance of machines / engines

HYDRAULIC SHOP

- Equipped with Cylinder Honing, Grinding, Load test machines for repairing all type of Hydraulic Cylinders
- Having capability to carry out retubing, rod repairing of Hydraulic Cylinders
- Load testing of repaired cylinders for ensuring best performance

Gmmco Cat® Network

-  Corporate Headquarter
-  SBU / Regional Office
-  Branch Office
-  Area Office
-  Retail Office
-  Workshop
-  Repair Facility
-  Rental Store
